

Hancock Class Schedule: 2019 - 2020

Weekend class, usually every other weekend although you will find some consecutive weekends. Clinic week requires 100% mandatory attendance for all clinic days to meet graduation requirements. We graduate on June 7th which is the last night of Clinic. Students are permitted to miss 30 hours throughout the school year (3 class days) but none of those absences can occur during the clinic week. Any changes are agreed upon unanimous class decisions.
